

NU SKIN® GLOW TONER

MEET NU SKIN GLOW TONER

Bring back your skin's natural glow with a refreshing toner designed to brighten, hydrate, and soften. This lightweight formula glides effortlessly across your skin, helping to combat dullness and reveal a clearer, more radiant-looking complexion. Gentle enough for daily AM and PM use, it leaves your skin feeling fresh, balanced, and visibly luminous.

Powered by glow-boosting Niacinamide (Vitamin B3), Vitamin C, antioxidant-rich Kakadu Plum, and a skin-loving Moisture Matrix of Ceramides, Squalane, and Allantoin, this formula helps boost brightness while providing essential hydration and comfort. Together, these ingredients work in harmony to support skin clarity, radiance, and resilience.

Nu Skin Glow Toner is part of the Nu Skin family of products, which includes clinically proven, ingredient-powered formulas inspired by India's treasured natural ingredients—for radiant, healthy-looking skin that's simple to achieve and accessible at home.

WHY YOU'LL LOVE IT

- Designed to combat the signs of skin dullness and help brighten your complexion.
 - Helps boost skin clarity, revealing a clearer, naturally radiant look.
 - Hydrates and soothes to deliver a refreshing moisture boost.
 - Helps promote a visible glow with continued use.
 - Gentle enough for AM and PM use, so your skin looks fresher and brighter any time of day.
-

WHAT POWERS IT

- **Moisture Matrix**—A combination of Ceramides, Squalane, and Allantoin that helps boost hydration for soft, supple skin.
- **Kakadu Plum Fruit Extract**—A natural antioxidant that helps combat free radicals to help improve skin radiance
- **Radiance Duo blend**—a combination of Vitamins B3 and C to help boost skin brightness and radiance.

HOW TO USE IT

Apply to a cotton pad or your palm. Gently pat or sweep it across your clean face and neck. Follow with your favorite Nu Skin serum and moisturizer in the morning and evening.

TRY THESE WITH IT

- Nu Skin® Face Wash
- Nu Skin® Vitamin C Serum
- Nu Skin® Light Moisturising Cream
- Nu Skin® Sunscreen SPF 50

LEARN MORE ABOUT IT

What makes Nu Skin Glow Toner unique?

Glow Toner is a daily balancing step in your skincare routine that bridges the gap between cleansing and treatment. Instead of simply removing residue, it replenishes hydration, helps refine skin's texture, and creates the ideal canvas for the serums and moisturizers that follow. Its formula works to visibly boost radiance over time while giving your skin an immediate refreshed, soothed feel.

Who should use Glow Toner?

It's designed for anyone looking to enhance clarity, hydration, and glow in their routine. It's suitable for most skin types and gentle enough for morning and evening use.

How does Glow Toner fit into my routine?

After cleansing, Glow Toner helps replenish hydration and prepare your skin for the next steps in your regimen. It works seamlessly with the other products in the Glow Kit—or any of your Nu Skin favorites—so your skin feels refreshed, balanced, and ready to receive the benefits of your serum and moisturiser.

What ingredients make Glow Toner effective?

Glow Toner is formulated with a blend of ingredients that support hydration, brightness, and radiance. Its Moisture Matrix—a combination of Ceramides, Squalane, and Allantoin—helps boost hydration so skin feels soft and supple. To enhance brightness, the Radiance Duo blend of Vitamins B3 (Niacinamide) and C helps support a clearer, more radiant look. And Kakadu Plum Extract (*Terminalia ferdinandiana*) provides natural antioxidant care, helping to combat free radicals and promote a healthy-looking glow.

Can Glow Toner be used on sensitive skin?

Glow Toner features a lightweight, hydrating formula that was designed to be gentle and suitable for most skin types, which may include some with sensitive skin. If you have known sensitivities, we recommend carefully reviewing the ingredient list and performing a patch test before incorporating it into your regular routine.

PRECAUTIONS

For cosmetic use only. Avoid direct contact with eyes. Discontinue use if irritation occurs. Individuals with sensitivities should carefully review ingredient listings prior to use.
