

SERENU™ PROFESSIONAL GEL CREAM

MEET SERENU PROFESSIONAL GEL CREAM

Wrap your skin in lasting comfort. Serenu Professional Gel Cream is a lightweight daily moisturizer that delivers deep hydration in a refreshing light lotion. It glides on smoothly and absorbs quickly without greasiness, making it an effortless step in your morning and evening routine. The silky formula helps your skin feel nourished, soft, and supple, while maintaining the balance your complexion needs to stay fresh and looking healthy. More than just hydration, it enhances comfort and leaves skin looking radiant and revitalized with every use—while also helping defend against everyday environmental aggressors.

Infused with barrier-supporting Ceramides, hydrating Hyaluronic Acid, nourishing Shea Butter, and antioxidant-rich Red Algae Extract, this formula helps reinforce skin's defenses and maintain a healthy glow. Inspired by traditional wisdom and backed by modern science, it's gentle enough for sensitive skin and designed to keep your complexion feeling fresh and looking radiant.

Serenu™ Professional is a personalized skincare system inspired by India's treasured natural ingredients to target specific skin concerns with powerful, results-driven formulas.

LEARN MORE ABOUT IT

What makes Serenu Professional Gel Cream unique?

It's a lightweight gel cream designed to deliver hydration and comfort while helping skin look healthy and radiant. Its fast-absorbing formula makes it suitable for both day and night use. With regular use, it helps support skin that appears smoother and more supple. The gentle, refreshing texture also makes it a versatile choice for layering with other Serenu Professional products.

Who should use Serenu Professional Gel Cream?

Serenu Professional Gel Cream is suitable for all skin types. It's especially helpful for those looking for hydration and comfort, while supporting skin that appears smoother and more supple throughout the day.

How does it fit into the Serenu Professional system?

Gel Cream is the final moisture-sealing step in the Serenu Professional routine. Apply it after treatments or serums to help lock in hydration and complete your spa-like experience at home.

Can it be used on sensitive skin?

Serenu Professional Gel Cream may be compatible with sensitive skin. The gentle, hydrating blend of Shea Butter, Glycerin, and Red Algae Extract is designed to help keep skin feeling calm and comfortable. Those with highly sensitive skin should patch test before regular use.

Which aspects of Serenu Professional Gel Cream are drawn from India's treasured natural ingredients?

This formula features botanicals such as Red Algae Extract and Shea Butter, which are traditionally valued for nourishment and balance. Combined with modern hydration technology, they create a formula that feels both effective and indulgent.
